Subject: Re: Problem with accentuated char and Uppercase Posted by AJM on Mon, 10 Nov 2008 17:47:57 GMT View Forum Message <> Reply to Message

Radicore does not assume that the character set is UTF8 and that it has to deal with multibyte characters, so it does not. You can force your implementation to invoke the function overloading options with MBSTRING by looking at http://www.radicore.org/forum/index.php?t=msg&th=167&amp ;goto=668.
