gpatti wrote on Tue, 08 September 2009 13:41 I've moved everything to v1.51 but I still get the same error message. It seems there is a function convertTZ() in include.general.inc but std.pdf.class.inc is trying to call convertTZdate()

Whoops! My mistake I'd forgotten that I'd updated include.general.inc AFTER I had released version 1.51, so attached is an up-to-date copy.
