Tony,

In
php#reserved.variables.session
there is a broken link to
<http://www.php.net/manual/en/reserved.variables.php#reserved.variables.session> (line 378)
(The page <http://www.php.net/manual/en/reserved.variables.php> is not broken but the fragment
#reserved.variables.session is)

Perhaps it should be replaced by
<http://php.net/manual/en/reserved.variables.session.php>

Thanks.
