Hi All,

I'm having a slight problem with installation.

Apache/2.2.4 (Win32)
PHP Version 5.2.1
MySQL 5.0.22

When I go to http://www.****.co.uk/radicore I get a page with options as follows;

RADICORE demonstration system
[View Error Log](#) [Delete Error Log](#)

[Home page](#) <- [Click here for my home page](#)

[Logon](#) <- [Click here for the logon screen](#)
[Logon \(csxslt\)](#) <- [Click here for the logon screen \(with client-side XSL transformations\)](#)

Unfortunately when I click on a link to logon it takes me to a blank page!

The source is;
<!DOCTYPE HTML PUBLIC "-//W3C//DTD HTML 4.0 Transitional//EN">
<HTML><HEAD>
<META http-equiv=Content-Type content="text/html; charset=windows-1252"></HEAD>
<BODY></BODY></HTML>

Any ideas?

All the best

Henry
