Subject: Blank Logon Page! Any suggestions Posted by teacake on Mon, 12 Mar 2007 17:35:24 GMT View Forum Message <> Reply to Message

Hi All,

I'm having a slight problem with installation.

Apache/2.2.4 (Win32) PHP Version 5.2.1 MySQL 5.0.22

When I go to http://www.\*\*\*\*.co.uk/radicore I get a page with options as follows;

RADICORE demonstration system View Error Log Delete Error Log

-----

Home page <- Click here for my home page

-----

Logon <- Click here for the logon screen Logon (csxslt) <- Click here for the logon screen (with client-side XSL transformations)

-----

Unfortunately when I click on a link to logon it takes me to a blank page!

The source is; <!DOCTYPE HTML PUBLIC "-//W3C//DTD HTML 4.0 Transitional//EN"> <HTML><HEAD> <META http-equiv=Content-Type content="text/html; charset=windows-1252"></HEAD> <BODY></BODY></HTML>

Any ideas?

All the best

Henry
