Tony,

In page
http://www.tonymarston.net/php-mysql/infrastructure-faq.html

I found the following problems:

Broken link :
http://www.tonymarston.net/php-mysql/menuguide%5Cmnu_user(upd1).html

Broken fragments:
http://www.tonymarston.net/php-mysql/functions-and-variables .html#notes._cm_pre_getData (line 5168)
http://www.tonymarston.net/php-mysql/functions-and-variables .html#notes._cm_getForeignData (line 3972)

Broken fragment:
http://www.postgresql.org/docs/8.2/interactive/datatype-nume ric.html#datatype-serial (line 3619)
(I think the replacement is
http://www.postgresql.org/docs/8.2/interactive/datatype-nume ric.html#DATATYPE-SERIAL
Case sensitivity hits again.)

Broken fragment:
http://www.tonymarston.net/php-mysql/infrastructure-faq.html #fieldspec (lines 1892, 1894, 1901)

Broken fragments:
http://www.php.net/manual/en/reserved.variables.php#reserved .variables.post (lines 306, 1106, 1108)
http://www.php.net/manual/en/reserved.variables.php#reserved .variables.session (lines 446, 469, 1106, 1409, 1410, 2141, 2152, 3389, 3391, 3397, 3398)
http://www.php.net/manual/en/reserved.variables.php#reserved .variables.get (line 306)
(Perhaps they could be replaced with
http://php.net/manual/en/reserved.variables.post.php
http://php.net/manual/en/reserved.variables.session.php
http://php.net/manual/en/reserved.variables.get.php
)

Broken fragment:
http://www.tonymarston.net/php-mysql/menuguide/section04.htm l#mavigation-button (line 1879)

Broken fragments:
http://www.tonymarston.net/php-mysql/dialog-types.html#f (line 2206)
http://www.martinfowler.com/books.html#eaa (lines 238, 1645)
(perhaps it could be replaced with

http://martinfowler.com/books/eaa.html)

Broken fragments:
http://www.php.net/reserved.variables#reserved.variables.ser ver (line 2476)
(perhaps the replacement is
http://php.net/manual/en/reserved.variables.server.php)

Thanks.
