Tony,

In the online sample application the
column sorting hyperlinks don't work.

After clicking them the following error appears:

Fatal error: Call to a member function getFieldSpec() on a non-object in
/home/tonymars/public_html/sample/include.library.inc on line 5157

These hyperlinks don't work:
http://www.tonymarston.net/sample/person_list.php?session_na me=sample&orderby=person_id
http://www.tonymarston.net/sample/person_list.php?session_na me=sample&orderby=first_name
http://www.tonymarston.net/sample/person_list.php?session_na me=sample&orderby=last_name
http://www.tonymarston.net/sample/person_list.php?session_na me=sample&orderby=star_sign
http://www.tonymarston.net/sample/person_list.php?session_na
me=sample&orderby=pers_type_desc
