Tony,

The following pages, that are linked from www.radicore.org
contain one or two html warnings:
http://www.tonymarston.net/php-mysql/code-monkey.html
http://www.tonymarston.net/php-mysql/encryption.html
http://www.tonymarston.net/php-mysql/history-by-date.html
http://www.tonymarston.net/php-mysql/sablotron.html
http://www.tonymarston.net/php-mysql/pagination.html
http://www.tonymarston.net/php-mysql/web-site-vs-web-applica tion.html
http://www.tonymarston.net/php-mysql/xsl.html

Some of them contain a mismatch between Public and System identifiers in the DOCTYPE declaration.
