View Forum Message <> Reply to Message

This version contains the following changes:

Database changes:
- run script menu\sql\mysql\alter_table(2023-01-14).sql to alter the structure of the MENU database
- run script menu\sql\mysql\menu.menu_export(2023-02-03).sql to alter the contents of the MENU database

Other changes:
added column task_id_quicknav to the MNU_TASK table in order to provide a Quick navigation button on LIST screens.
modified std.data_field.xsl to allow the quicknav button to be displayed as an image.
fixed bug in mnu_user.class.inc which failed to set the password length to 255 when authorisation is set to 'SSL'.
updated numerous scripts to remove deprecation notices generated by PHP 8.2.
